Merced County passed resolution number 2014-16, on February 25, 2014 proclaiming the existence of a Local Emergency due to the drought. Based on this Mandatory Water Rationing category the following information is being provided.

A potential water source is available from Central California Irrigation District. As of December 15, 2014 the cost for canal water is \$300 per acre feet. There is also a \$25 application fee.
